DATA SHEET

A108 Single Welding Line Delivery Hose

The Right Connection®

Designed to fulfill AS1335 specifications, guaranteeing the safe transfer of oxygen (blue) or acetylene (red) for welding, cutting and allied processes across diverse industrial sectors.

Hose Construction

Tube: SBR blend - black
Cover: SBR blend, smooth - blue or red
Reinforcing: Polyester yarn

Features

- Ozone resistant
- Weather resistant
- Oil mist resistant
- Pin pricked cover
- Extruded

Temperature

- -20°C to 70°C

Standards

- AS1335:1995
